

AGED CARPENTER
FOUND DEAD AFTER
FORTY-EIGHT HOURS

J. S. Calvert Passes Away
in Quaint Little Domicile.

OLD CONFEDERATE WOUNDED
IN BATTLE OF PEA RIDGE

Airship Model, Original Poems, Cu-
rious Scrap Book and Diary and
Ancient Newspapers Found.

J. S. Calvert, a carpenter and cabinet maker who lived in a little house near the corner of Tjerasa avenue and Eleventh street, was found dead in his home yesterday morning at about 9:30. Death was due presumably to old age and recent sickness, there being nothing that would indicate a violent death. The man had been dead for forty-eight hours or more when found.

An old friend of his, a painter, went to his home yesterday morning to call on him and getting no response after repeated knocking at the door, peered through the window and saw that the man was dead. The city police department were notified, as was City Undertaker Borders and the body was removed to the morgue. Decomposition had set in and the body is in a bad condition.

The deceased was 62 years of age. July 17th last and had lived in Albuquerque for about 20 years. He was a quiet and reserved character, and had few friends, but those who knew him best liked him very much. A week or so ago he received a severe fall, but it is not thought the accident had anything to do with his death.

Calvert was born in Louisville, Ky., in 1842 and a year after his birth the family migrated to Missouri. He was married in Weston, Platte county, Mo., and moved to Kansas, where he later was discharged from the service on account of disability. He drifted west and was with the construction gang of the Union Pacific and stayed with that road until it was completed, when he took up his home in Salt Lake, then returned again to Kansas City. Later he came to Colorado, where he was employed by the D. & R. R. at Alamosa. Still later he came to Albuquerque. He had sold some farming land in Kansas and with the money engaged in business at Copper City, where he afterward failed and came back to Albuquerque. Here he earned a livelihood by carpentering and cabinet work. He has a son, Robert C. Calvert, living at Camden Point, Platte county, Mo., who has been notified of his father's death.

The deceased at the time conducted a little carpenter and cabinet making shop on Fourth street, but had not been regularly following his trade for the last few years, owing to feeble health.

Interesting Diary.
Mr. Calvert was far from being an ordinary man as is plainly shown by his effects. He kept a big scrap book which he called "Diary and Pastime Book," which is quite a curiosity. It contains a continuous history of the man's life since before the war and contains photographs not only of his family and relatives, but of numerous officers and veterans of the civil and Mexican wars. Besides jotting down the events of his life, Mr. Calvert has left in this quaint scrap book numerous moralizing, reflections and short poems, which are extremely interesting, some of the poems especially being well written.

Among his old papers were found a number of ancient newspapers, nearly a hundred years old, one of which contains a notice of the death of George Washington.

The fact that Mr. Calvert had made a thorough study of the problem of aerial navigation is attested by the presence in his room of a curious little model of an airship, all complete, and constructed along original lines by the dead cabinet maker. Letters received from his granddaughter mention the airship and show that the man had devoted considerable study to the subject.

The old man's room was in perfect order, except and dusted, and his clothing and other possessions all neatly hung or laid in place. There is no doubt that he merely succumbed to illness incident to old age, which may have taken a sudden fatal turn without warning. It was decided yesterday that an inquest would not be necessary.

BIG BEET SUGAR PLANT
NEAR PHOENIX WILL
COST \$30,000

The contracts for the brick work on the buildings of the beet sugar factory at Glendale, near Phoenix, were awarded by Contractor Hapke to C. H. Valentine and J. L. Perry, two well known brick masons of Phoenix, says the Phoenix Republican. The contract calls for the work to begin before December 1, and the price will run into a figure somewhere between \$25,000 and \$30,000. In the work over 2,000,000 brick will be used.

Three buildings are included in the contract. A main building five stories in height, an engine house, machine and lime kiln and a warehouse. It will be remembered that the steel work on the buildings was completed a year ago by a former management of the Eastern Sugar company. The brick work will make employment for about fifteen masons and the same number of laborers. This is in connection with the laying of the brick.

Another force of men will be employed in the brick manufacturing plant. Mr. Hapke has installed to be operated near the factory site. The machinery for the plant was expected to arrive in Glendale today and will at once be set up and made ready for producing brick. It will be a machine with a capacity of 25,000 brick a day. In connection with the brick plant some twenty men will be given employment.

Backache, "The Blues"

Both Symptoms of Organic Derangement in Women—Thousands of Sufferers Find Relief.

How often do we hear women say: "It seems as though my back would break," or "Don't speak to me, I am all out of sorts?" These significant remarks prove that the system requires attention. Backache and "the blues" are direct symptoms of an inward trouble which will sooner or later declare itself. It may be caused by diseased kidneys or some uterine derangement. Nature requires assistance and at once, and Lydia E. Pinkham's Vegetable Compound instantly asserts its curative powers in all those peculiar ailments of women. It has been the standby of intelligent American women for twenty years, and the ablest specialists agree that it is the most universally successful remedy for woman's ills known to medicine.

The following letters from Mrs. Holmes and Mrs. Cotrely are among the many thousands which Mrs. Pinkham has received this year from those whom she has relieved.

Surely such testimony is convincing. Mrs. J. G. Holmes, of Larimore, North Dakota, writes:

Dear Mrs. Pinkham:— "I have suffered everything with backache and womb trouble—I let the trouble run on until my system was in such a condition that I was unable to be about, and then it was I commenced to use Lydia E. Pinkham's Vegetable Compound. If I had only known how much suffering I would have saved, I should have taken it months sooner—for a few weeks' treatment made me well and strong. My backaches and headaches are all gone and I suffer no pain at my menstrual periods, whereas before I took Lydia E. Pinkham's Vegetable Compound I suffered intense pain."

Mrs. Emma Cotrely, 109 East 12th Street, New York City, writes:

Ask Mrs. Pinkham's Advice—A Woman Best Understands a Woman's Ills.

CHANGE IN RAILWAY
POSTAL SERVICE
ON WEST END

WILLIAMS HEADQUARTERS
ON THE COAST LINES

A big change has been made in the railway postal service between this city and Los Angeles whereby all the postal clerks in that branch of the service will have their headquarters at least for one end of the run in Williams, Arizona. Williams is feeling pretty good over the change which will add to the importance of the bustling little Arizona town as regards the railway company.

Furthermore hereafter Williams will have practically two mails each way per day. That is two mails a day will be received and dispatched in each direction by the Williams postoffice. The following letters to the postmaster at Williams from headquarters in Los Angeles explain the change:

Los Angeles, Nov. 16, 1935.
Postmaster, Williams, Ariz.

Sir: Santa Fe train 3 will again run daily commencing Nov. 13th. Commencing that date pouch will be received daily via train 3 from Albuquerque, N. M., and you will dispatch daily to Williams and Los Angeles train 3. Commencing at a later date, not yet determined, you will also receive via train 3 a pouch from Kansas City and La Junta, train 3. Commencing November 16 you should dispatch daily via train 4 pouch labeled "Kansas City and La Junta train 4 via La Junta" to contain "unregistered" mail you have on hand at time of closing for Kansas, Nebraska, the Dakotas and all states east of these. The pouch you receive from Albuquerque, N. M., via train 3 should be returned empty, properly labeled and labeled to Albuquerque, N. M., via train 2. Respectfully,
F. J. R. MOORE,
Chief Clerk.
